Vol. 13, No. 4 Fall 2026

Featured Home – Edina

Five-Star Luxury

A bathroom transformation makes everyday routines feel like a five-star escape.

When remodeling their primary bath, the owners of an Edina condominium envisioned something sleek and modern – a bathroom with beautiful finishes and thoughtful details that make getting ready a little less routine and a lot more indulgent.

The result is a stunning transformation, turning a dated, utilitarian bathroom into a space that rivals a five-star hotel. The standout feature is the oversized shower that brings the true spa experience home.

The primary bath was fully updated.

Five-Star Luxury

A Shower Worth Showing Off

By borrowing space from the adjacent closet, the shower was expanded to accommodate functional features such as grab bars, a built-in niche for toiletries and a polished quartz ledge.

The old closet was transformed into a more useful linen cabinet with roll-out shelves. The luxury bathroom experience is complete with heated electric floors and a large soaking tub.

Replacing the old shower door with a glass shower enclosure opens sight-lines, making the room feel more spacious.

"The shower is amazing!" said the owners. "We are so thrilled with everything!"

PROJECT SNAPSHOT

A Fireplace That Shines

A fireplace update changes the look and feel of the living room.

When remodeling their condo, the owners envisioned a bold statement in the living room. The fireplace became the focal point, transformed with deep black porcelain tile that captures the timeless elegance of natural black Spanish marble.

Oversized slabs with dramatic white veining and minimal grout lines create a nearly seamless appearance. Unlike natural marble, porcelain resists stains, scratches and heat making it a practical choice. The glossy, reflective surface adds a polished finish that elevates the look and feel of the entire home.

AWARD WINNING DESIGN AND CONSTRUCTION

Natalie Hanson

Meet Our Newest Project Manager

Natalie Hanson

Project Manager/Designer

We are excited to welcome Natalie Hanson as our newest Project Manager! While she is new to Plekkenpol Builders, Natalie has been working in the industry for close to 15 years.

"It is my job to listen to client priorities and goals and help to create the best version of their home," says Natalie. "I help people move through the remodeling process, which can be stressful and overwhelming, by educating them through my many years of experience and ongoing education. I will get you from concept to construction with thoughtful intention and attention to detail. I love helping people fall in love with their homes again."

Natalie has been a member of NKBA and the Women in Construction group for years and actively participates in industry events, ongoing education and vendor trainings where she is constantly learning about the newest materials and technology in the building industry. She has a bachelor's degree in Interior Design.

Outside of work, Natalie is a true Minnesota hockey mom to her 11-year-old son. She is an outdoor and environmental enthusiast with a passion for native flowers, growing her own food, tending to her chickens and cooking for her family.

Toys for Tots

We are a 2026 toy drop-off site!

Plekkenpol Builders will once again serve as an official drop-off site for Toys for Tots Twin Cities. **We will be collecting new, unwrapped toys at our office until Wednesday, December 16.** Please consider donating a toy this holiday season. Thank you and Happy Holidays!

Nextdoor Fave Award Winner

Plekkenpol Builders voted 2026 local business favorite

2026 Fave Winner Voted by neighbors on Nextdoor

Plekkenpol Builders has been named a 2026 Nextdoor Fave Awards winner, the annual awards program that recognizes local businesses most loved by neighbors.

We are proud to have received this award, and we'd like to thank everyone who voted for us! We're especially grateful for the trust and support of those whose firsthand experiences and kind words mean so much to our team:

2026

"We used Plekkenpol out if Bloomington. Can't say enough good things. From start to finish they were awesome."

"Many projects for us at the highest level of detail, communication and fair pricing."

"Plekkenpol Builders did a great job for us."

"We used Plekkenpol Builders and are very happy. Told them what our budget was and they stayed within it. Local and family-owned business in Bloomington."

"Plekkenpol Builders. Very happy with the results. Some of the recommendations they made (to what I thought I wanted) were so spot on!!"

Fall Remodelers Showcase®

Thank you for stopping out!

We would like to thank everyone who toured our Fall Showcase home in Bloomington during the Parade of Homes Remodelers Showcase! It was a busy weekend with a steady of stream of visitors.

"The team helped us envision the possibilities, then brought our ideas to life," the owners wrote. "The onsite crews were professional, hardworking, knowledgeable and friendly. The whole team was so easy to work with. We are thrilled with the results."

Homeowner Resources

Fall Chore Checklist

It's coming! Prepare your home for colder weather

☐ **Clean your gutters.** A build up of debris can prevent gutters from draining properly. Improper draining may cause water to spill over the gutters and lead to foundation/basement damage. In the winter, ice dams may form, causing snow to melt underneath shingles and into your home.

☐ **Prevent ice dams.** In addition to cleaning gutters, make sure the ceiling is air-tight so no warm, moist air can flow from the house into the attic. Install sufficient attic and soffit ventilation to achieve a "cold roof." Consider increasing the ceiling/roof insulation.

☐ **Test your smoke and carbon monoxide detectors.** Change batteries twice a year.

☐ **Check window and doors for air leakage.** Add caulk and weather stripping to prevent leakage of cold air into your home. Also check where pipes and wires enter your home.

☐ **Schedule HVAC maintenance.** According to the U.S. Department of Energy, preventive maintenance can help save up to 25% in energy costs.

☐ **Shut off outside water faucets.** Empty hoses and move them indoors.

☐ **Sweep your chimney.** Remove soot and possible creosote build-up to reduce the risk of fire and improve fireplace efficiency.

☐ **Change the direction of your ceiling fan.** In colder months, turn fan blades clockwise to move warm air down.

☐ **Prevent condensation.** Window condensation is an indication of excess humidity in your home. Vent gas burners, clothes dryers, etc., to the outdoors. Use kitchen and bathroom exhaust fans. Limit use of humidifiers and vaporizers. Install storms or double glazing.
